

CUDAHY BEGINS SUIT AGAINST HIS WIFE

First Chapter in Sequel to
Attack on Lillis
Opens.

KANSAS CITY, Mo., Aug. 8.—By retaining I. B. Kimbrell, an attorney associated with the firm of Kearns, New & Krauthoff, "Jack" Cudahy, son of Michael Cudahy, millionaire Chicago pork packer, has practically begun his suit for divorce and the custody of his children.

Mrs. Cudahy, who is living at the Hotel Baltimore, in this city, intends to push the proceedings as rapidly as possible.

Mrs. Cudahy, who, with her four children, is at the Cudahy home, at 181 East Thirty-sixth street, declares that she will fight the case to a finish. She is now preparing counter charges against her husband, which she will file as soon as the petition against her has been filed.

It is understood here that Mrs. Cudahy will be aided in her fight by her father, Gen. C. Cowan.

In March last Cudahy found Jere F. Lillis, a millionaire banker, talking with Mrs. Cudahy in her home early one morning. After a fight, in which Lillis was seriously injured, Cudahy accused Lillis of ruining his home. Mrs. Cudahy claims that the assault was unwarranted and cowardly.

LILLIS NOT TO WED MRS. JACK CUDAHY

NEW YORK, Aug. 8.—"I shall not marry Mrs. Cudahy whether she or her husband gets a divorce," declared Jere S. Lillis, the Kansas City banker, when he was found here today.

Lillis was the victim in the sensational episode at the home of Jack Cudahy in Kansas City last March when the son of the millionaire packer found the banker with his wife. With the help of his chauffeur Cudahy slashed the banker on the face, arms and legs, and then summoned help when he feared his victim was bleeding to death.

Since that time Lillis has traveled a great deal and has now come to New York for a long stay. He arrived here at the same time that rumors were current in Kansas City that Cudahy would seek a divorce and that Lillis would marry the divorcee.

"Nothing to it," said Lillis, when he was seen at a local hotel. "I have severed my acquaintance with the Cudahys and I shall not marry Mrs. Cudahy whether she or her husband gets a divorce."

"I regard that incident as closed. I am here on a personal trip to see my sister and remain until fall, and I am not bothering myself about the family affairs of the Cudahys."

"It has been said that you contemplated suit against Mr. Cudahy for his attack upon you," the banker was asked. "I do not contemplate any suit," he replied, "and I shall have nothing more to do with the Cudahy family. The whole affair was most unfortunate and I regard it as absolutely closed."

"Then it is not true that you intend to marry Mrs. Cudahy if a divorce is obtained on either side?" Mr. Lillis, emphatically, "If such a report has been circulated it is without foundation."

STRIKE THREATENS FRENCH RAILROADS

Vote in Toulouse Brings Proposed General Walk-Out
Nearer Reality.

PARIS, Aug. 8.—The much-feared general railway strike throughout France is one step nearer today as the result of the vote of the railway employees at Toulouse, unanimously in favor of the strike. Bordeaux and several other cities have already voted for the strike.

The railway lines that would be affected have a trackage of nearly 25,000 miles, and employ more than 20,000 engineers and firemen, and nearly 300,000 general employees. About 29 per cent of the employees belong to the union.

The employees demand a weekly rest day, a minimum wage of \$1 a day, and a general increase in wages of about 10 per cent, ten hours to be the maximum day's work, and a more favorable construction of the employees' pension act.

EDITOR'S FUNERAL TO BE IN OREGON

Col. H. W. Scott, of Oregon-
ian, Succumbs to Opera-
tion in Baltimore.

BALTIMORE, Aug. 8.—Arrangements were made today for the funeral of Harvey W. Scott, for thirty years editor of the Portland Oregonian, who died at the Johns Hopkins University Hospital yesterday afternoon following an operation for enlargement of the prostate glands.

The body will be removed to Portland for burial. A particularly sad feature of Colonel Scott's death was that when he came here with his wife, son and personal physician two weeks ago it was not considered that the operation would prove dangerous. However, complications set in which caused death. He was a man of powerful physique, tall and imposing, and was seventy-two years old. He was reared on a farm, and after following various vocations became to be one of the most influential politicians on the Pacific coast. He was a member of the Oregonian fifty years ago, and from a small and insignificant sheet he built it to a newspaper of the highest class. RESCUED FROM FIRE.
RICHMOND, Va., Aug. 8.—The Hotel Cambria, near Christiansburg, one of the most famous in southwest Virginia, burned down. A. C. Barnes, the proprietor, who was desperately ill of typhoid fever on the third floor, was barely rescued in time. His condition is critical.

UNSIGHTLY ERUPTION ON FACE AND HEAD

Afflicted for Months—Burned and Itched—Used Cuticura and He was Cured in Three Weeks—Not Even a Scar Left.

"As a grateful mother, I feel it my duty to thank you for the cure of my little son who was afflicted for about eight months with sores all over his head, back of his neck and nearly all his face. We tried all kinds of remedies without any relief. We even employed a good physician and I am sure he tried his very best to cure my poor suffering little boy. But, alas! instead of getting better he went for the worse. His head was literally covered with scabs and ugly sores and his cries kept us awake throughout the night. I had to keep his hands in gloves to prevent his scratching his head, as he was doubtless suffering from a burning and itching sensation, and most constantly trying to put his hands where it hurt. At last when he was about three years old, we saw an advertisement of Cuticura and I decided to try the virtues of the Cuticura Remedies. I bought one cake of Cuticura Soap, a box of Cuticura Ointment and a bottle of Cuticura Resolvent. I used them according to directions and I am happy to tell you the little sufferer was cured in less than three weeks. This was over a year ago and now his head is covered with a fine growth of luxuriant hair. I range to say, all those unsightly sores did not even leave a scar. Mrs. G. O. Courville, Plaquemine, La., February 26, 1910."

The suffering which Cuticura Soap and Cuticura Ointment have alleviated among skin-tortured, disfigured infants, children and adults have led to their adoption in countless homes as the purest, sweetest and most economical treatment for eczema, and other itching, burning humors of the skin and scalp. A single set is often sufficient.

Cuticura Remedies are sold throughout the civilized world. Potter Drug & Chem. Corp., Sole Props., Boston, 22-Malden St., 22-Queens Cuts. boot, "How to Care for and Treat the Skin and Scalp."

PRINTERS CONVENE IN MINNEAPOLIS

More Than 1,500 Delegates
and Visitors at Interna-
tional Convention.

MINNEAPOLIS, Minn., Aug. 8.—Between 1,500 and 2,000 delegates and visitors were on hand this morning at the opening of the fifty-sixth annual convention of the International Typographical Union.

Addresses of welcome were made by the mayor of the city, the officers of the local union, and others, and were responded to by President James M. Lynch. The reports of officers were then presented to the convention.

The report of President Lynch was a comprehensive document, reviewing the progress made by the International Typographical Union since the last annual convention, and outlining new policies and teaching upon those that have become a part of the work and history of the organization.

Special attention was devoted to the home maintained at Colorado Springs for aged printers, and also to the anti-tuberculosis crusade undertaken by the organization, the results of which so far are reported to be of a most gratifying character.

Secretary-Treasurer Hays, in his annual report, showed that the average paying membership of the organization for the year ending May 31, 1910, was 58, an increase of 2,227 over the year 1909, and 4,108 over 1908. This is the largest average membership upon which a per capita has ever been collected by the international union.

The members on the old age pension roll of the organization received \$106,749 during the fiscal year. Since 1899, the establishment of the burial benefit the international has paid \$310 burial benefits, amounting to \$60,000. Since 1899, when the international began the payment of strike benefits, there has been expended in this direction and in special assistance to local unions a total of \$3,835,867.62.

The delegates to the convention of the international union and the meeting of the Woman's Auxiliary, which is also in session, will remain in this vicinity the entire week. Ample entertainment for the visitors in the way of automobile rides and outings has been prepared by the local unions of Minneapolis and St. Paul.

WASHINGTON CENTER OF SEIGE OF RAIN

Cooler Weather Is Expected
to Continue Until
Wednesday.

Washington was the center of a mild, cool spell of rain today which came in from the West and which the Weather Bureau predicted yesterday.

At 11 o'clock the temperature at the Weather Bureau was at the 74 mark and the assertion was made that it would not get much, if any, higher than that during the next twenty-four hours. In fact cooler weather is predicted for the District of Columbia in the official forecast issued at the bureau this morning as follows:

"Unsettled weather with showers during tonight and Tuesday. Moderately lower temperature."

So the prospect for favorable weather if the slight fall of rain is not considered disagreeable, is altogether encouraging up to Wednesday at least.

"Uncomfortable weather," is the promise of the Weather Bureau for the whole week, considering rainfall which may be heavy in some of the Atlantic States.

A disturbance that now covers the Mississippi valley will move eastward and will cause unsettled and showery weather in the Lake region and the Ohio valley, arriving in the Atlantic States about Wednesday. Generally fair weather will prevail in the Mississippi valley, the plains States, the Rocky mountain and Plateau regions and Pacific coast States. This is stated by the bureau.

The bureau adds that there were frequent showers last week throughout the United States causing the temperature all over the country an average below the seasonal normal.
